

# OCTOBER 2008

## EMPLOYEE OF THE MONTH

### JEFF SABOT

When the decision was made to reduce EDEN, INC.'s workforce due to budgetary restraints, the Property Management department faced the challenge of handling the already overwhelming load of paint jobs. Jeff Sabot stepped up to the plate. His experience and support during a time of transition assured his supervisor and the entire department EDEN would get through this time of trial. Jeff's performance in the last few months has showed him to be a team player. He rose to the occasion when we needed him most.
